CLIENT EXPERIENCE & TESTIMONIALS

Century Home Renovation – Collingwood

Having worked with Dale since 2021 on complex renovation projects, we give him our highest recommendation. His work ethic, integrity, problem solving and communication skills are all top tier. Our perspective comes from a 40-year career in commercial construction and project management and 25 years of almost continuous personal home and cottage expansion and renovation. I wish we had met Dale sooner.

Sandy

We were pleased to have Dale facilitate and carry out our basement bathroom renovation. What seemed a complex renovation to us, Dale took all steps in stride, gave us guidance and communicated throughout the entire project, making it feel like a simple process. It was completed on time and turned out better than expected.

Laundry & Bathroom Renovation – Bradford

Dale, You were the main contact and always made things smooth. You made it stress free for me. Your design suggestions and your work ethics made my laundry room functional when it totally wasn't. You also fixed the floors in both of my bathrooms. I love my bathroom and no longer cringe when I turn the light on in the morning! You made a final inspection, adding some finishing touches showing the quality of your work. I look forward to having Northridge Renovation Group fix up my home!
